OBJECTIVE

Motivated Computer Science undergraduate seeking a **Software Engineering internship** to apply academic knowledge in programming, problem-solving, and software development. Eager to contribute to real-world projects, learn industry best practices, and gain hands-on experience in a collaborative team environment.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science
Covenant University, Ota, Nigeria
Expected Graduation: October 2027

Relevant Coursework:
Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Development, Software Engineering, Operating Systems

---

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, JavaScript
Web Technologies: HTML, CSS, PHP, Node.js
Databases: MySQL, MongoDB
Tools & Platforms: Git, GitHub, Visual Studio Code, IntelliJ IDEA, Linux
Core Concepts: Object-Oriented Design, RESTful APIs, Agile Development, Version Control

---

PROJECTS

Weather Application

- Built a web application using JavaScript and the OpenWeather API to display real-time weather data.
- Implemented efficient API integration and focused on user-friendly UI design.

School Portal Application (Team Project)

- Collaborated in a team to develop a school portal web application with role-based access control.
- Implemented data encryption using PHP and MySQL.
- Contributed to UI design and backend functionality.

ACADEMIC EXPERIENCE

Team Project – System Analysis and Design

- Collaborated with a team of eleven to design a transport management system.
- Applied system analysis concepts including process modeling, Entity-Relationship Diagrams (ERD), and Data Flow Diagrams (DFD).
- Led team coordination and ensured effective communication among members.

Hall Maintenance and Reporting Management System

- Led a team of nine in developing a hall maintenance management system.
- Applied the System Development Life Cycle (SDLC) methodology.
- Developed the database using MySQL and supported web application development.

EXTRACURRICULAR ACTIVITIES

- **Member**, NACOS (National Association of Computer Science Students) – Participated in symposiums and seminars.
- **Volunteer**, Tech Tutoring Program – Assisted peers with programming tasks and debugging.
- **Member**, Google Developers Group on Campus (Covenant University) – Built foundational knowledge in Node.js.

CERTIFICATIONS & ACHIEVEMENTS

- Completed online courses in Python, Web Development, Git/GitHub, and Generative AI *(Microsoft Learn, freeCodeCamp, W3Schools, Cisco)*
- Certified in **Prompt Engineering** (OBTranslate)
- **Microsoft Office Specialist** (Certiport)

SOFT SKILLS

Problem-Solving | Team Collaboration | Communication | Adaptability | Time Management
